

READY TO TRY ELECTRONIC ENDORSEMENTS?

Would you like a complete, proven solution at no cost*?

Qatarlyst's Riskless Endorsements service is the most cost-effective and only legally proven endorsement solution available today. So, if you are thinking of changing to an electronic process for your endorsements, please give us a call and ask for a 20 minute demo.

Why choose Qatarlyst?

- **No set up or support fees:** free set up and training & support
- **No access or transaction fees:** free of charge for a pilot period with no obligation to continue afterwards
- **Hosted:** simple web-based access so no installation needed
- **No gateway needed:** participate without the need to purchase or maintain a gateway
- **Audit trail:** retain a full printable record of all activity between brokers and underwriters
- **MRCE compliant forms:** create electronic endorsements by completing an e-MRCE form or use your own endorsement documents
- **Designed with everyone in mind:** designed and built to a joint broker and carrier specification
- **Validated:** Riskless Endorsements functionality uses the same service which already handles over 10,000 endorsements a year
- **Linked to the Exchange:** access to all the Exchange carriers and to more than 270 carriers in all
- **Messaging:** supports and outputs ACORD structured messages
- **Roadmap to full e-placement:** entry level provides scope to increase to full risk placement cycle at a controlled pace

zero investment, zero cost, zero risk
